Principal's Report:

- **Yr 10 subject selection meetings-** These went well despite the COVID restrictions. Setting the lines (Timetabling) helped make it streamlined. The meetings were informed and there are not as many clashes as there could have been. Immersion week was very popular and it has potential to get even better. It gave students a realistic taste of expectations and content. Now looking at a possible structure similar to the Yr 10 meetings for the year 8 to Yr 9 subject selections.
- **Year 11 Leadership Process with dates etc has been given out.** Six students already picked up packs.
- **Scholarships for 2021 Yr 11-** Yr 12 students have been asked for their exemplars. Data gathered based on students who do go to another high school for Yr11 and 12. 60%-70% go to CHEC.
- **Yr 12 Farewell Year Meeting-** Wednesday 23rd September-Livestreamed. Details in the newsletter. Photographer present. No Year 12 Formal based on local venue and the numbers they can accommodate. Students and staff can only attend- no parents (DoE guidelines).
- **Yr 7 numbers for 2021-** Approx. 112, no changes to staffing for 2021.
- **Transition to 2021-** High needs students have met Learning and Support Teachers. David is working on adapting the Welcome Week to attempt to fill the void of the usual Orientation program.
- **Anti-Discrimination Policy-** Written and taken to ARCOs for checking. Kim will share the draft with the P&C.
